1. Overall Summary - Summary description (max 1.000 characters)

Research field 1

Research field 2

Research field 3

2. Background / State of Art (max 1.500 characters)

Research field 1

Research field 2

Research field 3

3. Hypothesis and Specific AIMS (max 20.000 characters)

Research field 1

Hypothesis and Significance

Preliminary Data

Specific Aim 1

Specific Aim 2

Specific Aim 3

Experimental Design Aim 1

Experimental Design Aim 2

Experimental Design Aim 3

Research field 2

Hypothesis and Significance

Experimental Design Aim 2
Experimental Design Aim 3

Research field 3

Hypothesis and Significance

Preliminary Data

Specific Aim 1
Specific Aim 2
Specific Aim 3

Experimental Design Aim 1
Experimental Design Aim 2
Experimental Design Aim 3

4. Methodologies and statistical analysis (max 2.500 characters)

Research field 1
Research field 2
Research field 3

5. Expected outcomes (max 500 characters)

Research field 1
Research field 2
Research field 3

6. Risk analysis, possible problems and solutions (max 1000 characters)

Research field 1
Research field 2
Research field 3

7. Significance and Innovation (max 1.000 characters)

Research field 1
Research field 2
Research field 3

8. Description of the complementary and synergy research team (max 1.000 characters)

Research field 1
Research field 2
Research field 3

9. Bibliography (max 2.000 characters)

10. Timeline (max 1.000 characters)

Research field 1
Research field 2
Research field 3

11. Equipment and resources available (max 2.000 characters)

Research field 1
Research field 2
Research field 3

12. Translational relevance and impact for the National Health System (SSN) (max 1.000 characters)

Research field 1
Research field 2
Research field 3

13. Biosketch Scientific Coordinator (SC)

A duly signed **curriculum vitae** of the SC shall be attached to the application.

Overall proposed budget for all the research fields divided for Operative Units

Operative Unit 1 (__ Name __)
